Amman, Jordan

PROFESSIONAL SUMMARY

Dedicated Full-Stack Developer with hands-on experience in creating responsive web applications using HTML, CSS, JavaScript, PHP, and MySQL. Proficient in both front-end and back-end development, with strong collaborative skills and experience in agile methodologies. Recognized for delivering high-quality, user-centered applications and adapting effectively to new challenges. Currently seeking an opportunity to leverage technical expertise and problem-solving abilities within a dynamic team environment.

SKILLS

Technical Skills :

.FrontEnd: Html , CSS , Bootstrap , JS , REACT .
.BackEnd : PHP , LARAVEL .
.Database : MYSQL , SQL .
.Operating Systems : Windows .
.Software Development Practices (SDLC): Agile, WaterFall.
.Tools: Visual Studio Code, Figma, Trello, GitHub.

Soft Skills :

- Time Management
- Strong Communication and Collaboration Skills.
- Attention to Details.
- Fast Learner.
- Hard Working.

WORK EXPERIENCE

. **Full-Stack Trainee** Sep - 2024 present

Orange Coding Academy

Completed a full-stack developer internship at Orange Coding Academy, mastering HTML, CSS, and JavaScript for front-end development. Advanced to back-end skills with PHP, Laravel, and SQL for effective data management. Gained experience in React for building dynamic UIs and used GitHub for version control.

PROJECTS

• Portfolio | Website

- Developed a personal portfolio website using HTML and CSS, showcasing projects, skills, and professional experience. Focused on clean, responsive design principles to ensure an accessible and visually appealing user experience across devices.

STEAM | Website

- Built an interactive educational website for children aged 4-12 based on the STEAM approach (Science, Technology, Engineering, Art, Math). Leveraged HTML, CSS, JavaScript, JSON files, and APIs to dynamically fetch and display content, fostering curiosity and hands-on learning. This project enhanced my skills in web design and data integration for young audiences.

3. MobixStore | E-commerce Web App

- Created an e-commerce platform for mobile phone sales, incorporating features like product listings, user registration, and shopping cart functionality. The backend was developed using PHP and MySQL for secure, scalable data handling.
 - Technologies Used: HTML, CSS, Bootstrap, JavaScript, PHP, MySQL
-

EDUCATION

- **Information security** (Diploma) : Al-khawarizmi College | 2019-2021

- . **Computer Science** : Jerash University | 2022-2023

- . **Full Stack Web Development Bootcamp | Orange Coding Academy**
(September 2024 – Present)

.Intensive course in Full Stack Web Development by Orange Coding Academy, conducted in collaboration with Simplon.Co and Princess Sumaya University for Technology (PSUT)
